

## SUMMARY

Software Developer skilled in Java, Spring Boot, React.js, and microservices. Currently a Full-Stack Intern at Amdox Technologies building enterprise REST APIs. Founded FinalprepAI SaaS serving 1K+ users with 4.5 rating, offering AI mock interviews. Strong in Java, problem-solving, API performance optimization, and clean, maintainable code.

## EDUCATION

### Malla Reddy University, Hyderabad

Sep 2022 - May 2026

- CGPA: 8.41/10.00
- Bachelor of Technology in Computer Science and Engineering, specialized in Artificial Intelligence and machine learning.
- **Coursework** : Data Structures, Algorithms, Machine Learning, Gen AI, Web Development, Database Systems

## SKILLS

- **Languages**: Java, Python, JavaScript, SQL, HTML, CSS, Data Structures and Algorithms
- **Frameworks**: Spring Boot, React.js, REST APIs, Microservices, MVC, Agile
- **Tools**: Git (version controlling), MongoDB, JUnit, Postman, Excel

## WORK EXPERIENCE

### Amdox technologies

#### Java Full Stack Intern

Jan 2026 - Present

- Developing RESTful microservices using Spring Boot 3.1, Spring Security with JUnit 5 unit testing
- Building responsive React.js frontend integrated with Spring Boot APIs and MongoDB database
- Collaborating in Agile team using Git for version control, Docker for containerization, and daily standups

### FinalprepAI

#### Founder and Developer

Aug 2025 – Present

- Bootstrapped SaaS platform serving 1K+ users with 4.5 rating featuring AI mock interviews and analytics dashboard
- Architected scalable microservices , payment integration cross-domain troubleshooting
- Optimized Spring Boot APIs with JWT authentication achieving 60% faster response times, deployed on Vercel and Render ensuring 99% uptime

### Freelance

#### Full-Stack Developer

Nov 2025 - Dec 2025

- Designed and developed a visually rich portfolio website to showcase the client's films, photography, and creative work.
- Collaborated closely with the client to gather custom requirements and delivered iterative modifications to match the exact creative vision
- Integrated a dynamic photography gallery with optimized loading, contact emailing system for client inquiries and mobile-friendly layouts.

## PROJECTS

### Learnflow AI - smart learning assistant | Demo

Sep 2025 - Oct 2025

- Developed AI-powered learning platform generating personalized roadmaps, videos, projects, and resources from single prompt
- Engineered with latest GenAI APIs and efficient architecture to handle complex troubleshooting and edge cases
- Designed to give the best User experience and adaptability.

### SafePass - contactless attendance | Demo

Mar 2025 - Apr 2025

- Built complete QR code generation , validation system with real-time attendance tracking dashboard for 100+ daily check-ins
- Implemented enterprise security: QR expiration, duplicate prevention, role-based access control, audit logging
- Developed using React.js, Node.js/Express full-stack app with MongoDB backend and REST APIs

## CERTIFICATIONS & ACHIEVEMENTS

- Achieved 300% organic user growth in 3 months through targeted LinkedIn engagement and newsletter campaigns.
- Completed The Complete 2024 Web Development Bootcamp – Udemy
- NPTEL Elite Certification in Java from IIT Kharagpur
- Solved 500+ coding problems across LeetCode & GFG ranked Top 10 in University
- Improved portfolio performance with 20% faster load times using CDN, lazy loading.
