## Professional Summary

Goal-driven and detail-oriented individual with a strong foundation in programming, web development, and problem-solving. Proficient in Java, SQL, and JavaScript, with practical experience gained through academic projects. Committed to building impactful technology solutions and eager to grow in a collaborative and professional environment.

## Technical Skills

- **Programming Languages:** Java, JavaScript, C
- **Web | Databases:** HTML, CSS, Bootstrap, SpringBoot, Node.js, MySQL
- **Technical Fundamentals:** DBMS, Data Structures, Operating System, Computer Networks

## Projects

### Coin Tracker

- Tech Stack: HTML, CSS, JavaScript, Express.js, Node.js, MySQL, Chart.js. Developed a responsive full-stack web application for managing personal finances.
- Enabled users to record and track income, expenses, and savings goals through an intuitive and user-friendly interface.
- Integrated Chart.js to generate dynamic bar graph visualizations, offering financial insights filtered by date, week, or month.
- Structured backend using RESTful routes and MySQL for storing and retrieving categorized financial data efficiently.

### Job Finder

- Tech Stack: HTML, CSS, Bootstrap, JavaScript (Local Storage). Developed a job application portal supporting role-based access for users, recruiters, and administrators.
- Allowed users to apply for jobs, recruiters to post openings, and admins to moderate listings and manage suspicious accounts.
- Designed a responsive frontend interface for seamless navigation and enhanced user experience across devices.
- Implemented local storage to manage session data and persist user activity without backend integration.

## Education

### B.Tech in Computer Science and Engineering (Data Science)

MLR Institute of Technology, Hyderabad, India

2022 – 2026

GPA: 7.5 / 10

### Intermediate

Narayana Junior College, Hyderabad, India

2020 – 2022

Percentage: 91.8%

## Certificates

- Completed Google Professional Data Analytics Certificate by Coursera.
- Completed Full Stack Web Development course by Udemy.
- Completed Introduction to Data Science course by Cisco.

## Achievements

- Secured Top 5 position in Web Mania, a web development hackathon, by building a responsive MERN stack application.
- Participated in App Fiesta, a mobile app hackathon, developing a FlutterFlow-based prototype focused on real-world usability.
